

## Wedding Prices - 2017/18

\*You will only see part of the story on the day, prior or following on from our full days filming we capture the area for you including coastal and other local stunning area shots. For the next 60-80 hours we colour grade and professionally edit your film making it as seamless and beautiful as possible for you.

**\*Bespoke package will include a highlights film including the best bits from your day. As high Definition Blue Ray Discs will eventually replace DVD format we can reproduce your day on either or both. If you have a 40" or larger HD or Ultra HD TV there will be a noticeable difference in the quality of playback using Blue Ray discs, however both formats can be played back on Blue Ray players.**

\*We include on all Highlights a link for you keep on your phone or tablets, or to instantly share with friends and family on social media, such as Facebook or share by e mail.
